Title: VP Heart & Vascular

Date: 6/22/2011

Comments: The total charges include endovascular procedures due to the fact TMC/C does not have a way to separate the charges because the endovascular lab falls under the cath/endovascular department or one G/L. TMC/C also is finishing following patients in the C-PORT trial & as been granted the ability to perform PCI procedures without Open Heart services on-site by the state.
