Comments: Part D.6. I/C Care Account. There were 218 cardiac cath I/C patients, 346 cardiac cath 'procedures billed', 147 of those patients had more than 50% of their bill "written off", \$4,257,940 on the "Total Charges" Line is the amount of I/C amount written off for the 218 I/C patients plus \$2,018 of "Actual Reimbursement" which is the amount that I/C patients paid on their account (does not include Medicare or 3rd party payments) All Cardiac Catheterization Procedures in both Diagnostic & Therapeutic categories were screened for complication not present on admission followed by individual chart review by a physician to determine if the complication was related to the Cardiac Catheterization along with classification of Major/Minor complication.
