Comments: Part C.1.b Kenestone has had a dedicated EP lab since 2003, this year only EP procedures and pacemaker procedures were performed in this room. It is reported in C.1.c. This volume is reported in C.3.C. Part D.6. I/C Care Account. There were 275 cardiac cath I/C patients, 286 cardiac cath 'procedures billed', 198 of those patients had more than 50% of their bill "written off", \$6,475,840 on the "Total Charges" Line is the amount of I/C amount written off for the 218 I/C patients plus \$2,858 in "Actual Reimbursement" which is the amount that I/C patients paid on their account (does not include Medicare or 3rd party payments) E.4 12 patients were transferred to other hospitals for Open Heart surgery, believe majority or all were sent to Emory, but unable to verify. All Cardiac Catheterization Procedures in both Diagnostic & Therapeutic categories were screened for complication not present on admission followed by individual chart review by a physician to determine if the complication was related to the Cardiac Catheterization along with classification of Major/Minor complication.
