Comments: Please note Part D, Questions 2, 3, 4, 5, and 6 data have been updated with corrected and accurate information. Data for this 2010 survey came from two different Grady Hospital EMR systems, Siemens (Grady's legacy system) and Epic. Our department encountered significant challenges with retrieval, combining and cleanup of the data required for completing this survey. 2011 data will be extracted entirely from our new Epic EMR system; this data is clean and readily available. We anticipate no challenges with obtaining and completing the survey on time for 2011. Our organization apologizes for any inconvenience the delay in completing this survey has caused for the Georgia Department of Community Health and its affiliated organizations. Please contact William Bodley, Director of Decision Support, wbodley@gmh.edu , 404-616-1748, in the event you have questions at any time.
