Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? (Check the box, if yes.)

If you checked yes, how many? 9 (FTE's)

What languages do they interpret?

Spanish

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual Hospital Staff Member

Bilingual Member of Patient's Family

Community Volunteer Interpreter

Telephone Interpreter Service

Refer Patient to Outside Agency

Other (please describe):

Contract interpreters, telephone interpreting services, videoconferencing interpreting services

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish	60,263 minutes	0	0	0
		0	0	0
		0	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

During New Associate Orientation, the organization's expectations are outlined for providing care

and communication that is appropriate for the patient and family and that the same consideration is expected toward co-workers and physicians the associate interacts with during their work. Additional education is provided throughout the orientation process that equips the associate to use the various tools and resources available to them as is appropriate to their job role in the organization. This education is population specific, addressing the unique needs of the primary populations served by the organization. Libraries of information specific to a multitude of cultures and faith traditions are available online for associates to reference during their work. Ongoing training is provided to assist associates with basic language skills in Spanish, the predominant language spoken by the patient population other than English. For associates working in the facility serving a large Korean population, additional training in the cultural and language needs of those patients and families is provided. Classes in Transcultural Healthcare are provided to direct care providers, equipping them to better access and understand needs of patients who are of groups different than the care provider's group of origin. Department specific ongoing education is provided to refresh the direct care provider's knowledge of the preferences of various groups served. This education is shaped by patient satisfaction data collected by the organization. In addition, department specific patient and family education materials are made available to care providers in the languages of the patients they serve. Ongoing training in these patient education materials is conducted as new resources are made available.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

The Gwinnett Medical Center currently utilizes numerous resources in order to provide Culturally and Linguistically Appropriate Services to our patients. As our patients volumes continue to grow and the diversity of our patient population continues to increase, we will utilize additional printed materials and on-site interpreters in order to meet the needs of our patients.

6. In what languages are the signs written that direct patients within your facility?

1. English 2. Spanish 3. Braille 4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes)

If you checked yes, what is the name and location of that health care center or clinic?

Four Corners Health Center (Norcross, GA); Mercy Care (Duluth, GA); Good Samaritan Clinic (Duluth, GA); Hebron Clinic (Lawrenceville, GA); Hope Clinic (Lawrenceville, GA); Gwinnett Community Clinic (Snellville, GA); Gwinnett County Health Department (Lawrenceville, Buford, Norcross); Gwinnett Medical Center OBGYN Clinic (Lawrenceville, GA); Miles and Lib Mason Childrens Clinic (Lawrenceville, GA)

Electronic Signature

Comments:

Part D: Inpatient Services

- Operating Room: Average Charge for the First Hour- The Gwinnett Hospital System maintains numerous levels of initial hour operating room charges based on the resource intensity of anesthesia, staff and equipment involved in the case. Average provided is calculated on all case levels.

- Part E: Emergency Department and Outpatient Services

- ER Beds available includes Trauma, General, Pediatric, Clinical Decision Unit, and Mental Health Holding capacity.

- Trauma, Psychiatric/Substance Abuse, and General visits by room type are not currently available. Pediatric visits are provided.

- Transfers to another institution include transfers to other acute care facilities, SNF, as well as other institutions.

- Diversion Cases are not tracked.

- Diversion Hours – Number represents Total Diversion status.

- Untreated cases include all patients that left the facility prior to triage or prior to physician assessment.

- Part F: Services and Facilities

- Cardiology procedures include cardiology ultrasound procedures.

- Ultrasound/Medical Sonography Units include portable and stationary units.

- Chemotherapy inpatient treatments are not currently tracked. Outpatient chemotherapy treatments

are provided.

- Podiatry patients are treated at GMC but there is not an organized program.

- Audiology services are provided at GMC but the unit currently is not tracked.

- HIV/AIDS patients are treated and receive services at GMC facilities. GMC does not have a formal organized program for these patients and therefore does not track this information.

- Part G: Facility Workforce Information

- Medical staff enrolled as providers in Medicaid/Peachcare is based solely on those physicians with a Medicaid license number on record with the Gwinnett Hospital System. These numbers may not represent all physicians enrolled as providers in Medicaid and PeachCare. PEHB Plan enrollment information currently not available.

- Pediatricians specialty category includes Pediatric Emergency Physicians. Pediatric Emergency Physicians formerly included in the Emergency Medicine category.

- The number of medical staff in this section does not match the number of medical staff reported in Part H because the reports were generated on different dates. The discrepancy between the two sections is minimal but worth documenting.

- Perinatal Services Addendum

- Charge represents neonates with a length of stay of seven (7) days or greater.

- Psychiatric & Substance Abuse Services Addendum

- Part B: Psych/SA Utilization by Race/Ethnicity, Gender, and Payment Source- Payment Source based on primary payer. Payment Source of Other for CY2008 includes 15 admissions and 68 patient days.
