We appreciate your willingness to provide information on the following questions:

If you checked yes, how many? 0 (FTE's)

What languages do they interpret?

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

No tool or resource has been identified as urgent to our department. The above mentioned resource is apparently sufficient at this time.

If you checked yes, what is the name and location of that health care center or clinic?
