Comments:

D.1: SUS beds in 2009 were less than the hospital's current CON-authorized complement of 143 beds.

D.6: The hospital did not utilize semi-private rooms in 2009.

G.1 and G.2: Due to the ad hoc nature of hospital operations in a temporary structure since the 2007 tornado, the hospital did not utilize staff budgets in 2009. The data shown on G.1 show the FTEs for each category that were employed at the hospital on 12-31-2009. The data shown on G.2 reflect the average time needed to hire for the various professions when ad hoc decisions were made to add or replace staff.

G.3: Phoebe Sumter does not capture the race/ethnicity of its medical staff. The number of physicians by race/ethnicity is an estimate based on historical percentages.

G.4: The hospital did not collect data regarding physician participation in Medicaid/PeachCare and PEHB Plan. As reflected by the hospital's significant patient volumes from those payor classes, physicians on staff at the hospital care for Medicaid/PeachCare and PEHB Plan patients.

Surgical Services Addendum: The hospital operated less than its full complement of 10 surgery rooms in 2009 due to facility limitations related to the 2007 tornado.

Obstetrical Services Addendum: The hospital operated less than its full complement of CON-authorized OB beds and Level II NICU beds in 2009 for reasons including the facility limitations related to the 2007 tornado.

Minority Health Addendum Part 3: Although the hospital does have physicians, nurses, and employed staff who speak languages other than English, the hospital does not have reliable data responsive to the survey request.
