Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? (Check the box, if yes.)

If you checked yes, how many? 2.7999999523163 (FTE's)

What languages do they interpret?

Spanish

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual Hospital Staff Member

Bilingual Member of Patient's Family

Community Volunteer Interpreter

Telephone Interpreter Service

Refer Patient to Outside Agency

Other (please describe):

WellStar provides medical interpreters under a contractual relationship at no cost to the patient.

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish	2.47%	113	0	0
Korean	0.06%	2	0	0
Vietnamese	0.06%	4	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

All new employees receive diversity training on their first day of employment during General

Orientation at WellStar. Employees who are hired to provide direct patient care receive additional training in cultural competency during day three of the orientation process. WellStar provides ongoing training for student nurses in the Advanced Patient Simulation Center, a state of the art demonstration and training facility. During this training, the "patient" can be programmed to speak other languages. Student nurses are tested on their ability to identify the need for interpretation services and their understanding of the process to access interpretation services.

WellStar offers a wide variety of cultural competency workshops during the calendar year. Programs include: Patient Diversity-Beyond the Vital Signs, Bridging the Generational Gap at Work, Defining Respect in Healthcare, Diversity in the Workplace, and Multiculturalism at Work. Seminars are held to teach employees how to access and use several cultural competency resources that are available on the WellStar Intranet. Managers are encouraged to contact the Organizational Learning Department to make arrangements for individual departmental training, as necessary.

WellStar offers Spanish classes at no cost to employees. WellStar does not certify nor track multi-lingual nurses or other employees.

During CY2009, WellStar Kennestone Hospital has added fifty-eight (58) dual handset telephones in strategic locations throughout the hospital. These phones allow enhanced communication with LEP patients. All departments that requested these resources have been provided with training about how to use these resources and how to document the use of these tools in patient charts. In addition, during CY2009 two medical interpreters were hired. All departments were provided with training and information on how to access these services. An interpretation services toolkit which outlines the hospital policies about interpretation services was provided.

WellStar Kennestone offered a program entitled Communicating for Understanding. This training class was developed to increase participant fluency and accuracy in English. In addition, at least once per quarter, an educational program is planned which provides strategies on how to communicate with patients with limited English proficiency. Additionally, during CY 2009, leaders were provided with monthly webinars which covered such topics as religion in the workplace, diversity training, lessons learned from DiversityBest Practices, among others etc.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS) to your patients?**

6. In what languages are the signs written that direct patients within your facility?

1. English

2. Spanish

3. Braille

4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes)

If you checked yes, what is the name and location of that health care center or clinic?

Community health center: Good Samaritan Clinic 1605 Roberta Drive Marietta, GA 30008 Federally qualified health center: Cobb Co Dept Health Clinic 1650 County Services Rd Marietta 30008 Free clinic: MUST Ministries/Cobb Health Partners-1407 Cobb Parkway, Marietta Ga; Luke's Place, 948 Front Street, Mableton Ga; Other reduced fee safety net clinic: Community Health Center Veterans Memorial Hwy
