## Georgia Minority Health Advisory Council Addendum

Because of Georgia's racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems' ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? (Check the box, if yes.)

**If you checked yes, how many?** 0 (FTE's)

What languages do they interpret?

Paid medical interpreters are "contracted" but not "on staff" at Candler Hospital. Translation occurs for Hispanic patients only.

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? (Check all that apply)

Bilingual Hospital Staff Member

Bilingual Member of Patient's Family

Community Volunteer Interpreter

Telephone Interpreter Service

Refer Patient to Outside Agency

Other (please describe):

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Top 3 most common non-English languages spoken by your patients	Percent of patients for whom this is their preferred language	# of physicians on staff who speak this language	# of nurses on staff who speak this language	# of other employed staff who speak this language
Spanish	Unknown	0	0	0
Vietnamese	Unknown	0	0	0
Farsi	Unknown	0	0	0

4. What **training** have you provided to your staff to assure cultural competency and the provision of **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

Computer based learning (CBL) class required for all clinical and non-clinical personnel annually.  
Two Cultural Competency Fairs were conducted this year.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

Cultural Competency Education Fairs, seminars and learning events.

6. In what languages are the signs written that direct patients within your facility?

1. English

2.

3.

4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (*Check the box, if yes*)

If you checked yes, what is the name and location of that health care center or clinic?

## Electronic Signature

Please note that the survey WILL NOT BE ACCEPTED without the authorized signature of the Chief Executive Officer or Executive Director (principal officer) of the facility. The signature can be completed only AFTER all survey data has been finalized. By law, the signatory is attesting under penalty of law that the information is accurate and complete.

*I state, certify and attest that to the best of my knowledge upon conducting due diligence to assure the accuracy and completeness of all data, and based upon my affirmative review of the entire completed survey, this completed survey contains no untrue statement, or inaccurate data, nor omits requested material information or data. I further state, certify and attest that I have reviewed the entire contents of the completed survey with all appropriate staff of the facility. I further understand that inaccurate, incomplete or omitted data could lead to sanctions against me or my facility. I further understand that a typed version of my name is being accepted as my original signature pursuant to the Georgia Electronic Records and Signature Act.*

**Authorized Signature:** Paul P. Hinchey

**Date:** 3/9/2010

**Title:** President & CEO

**Comments:**

Part D - 1: Inpatient days and discharge days associated with ICU include all days associated with the patient stay. In many instances, this would include days where the patient was in a Med/Surg bed.

Part D – 2, 3 and 4 / Patient Origin: Admissions and patient days in the race, gender, payment source and patient origin sections do not include numbers from the LTCH, a separately licensed provider. Those numbers are reported on the LTCH addendum.

Part E – 4: CH does not dedicate ER beds to specific services.

Part E – 8 and 9: Candler did not experience a general ambulance diversion in 2009. In the rare instance when it is necessary, Candler diverts ambulances to SJH, its sister facility. Candler does not track the ED cases that are “diverted” in those instances; so the most accurate response to E8 is “not available”.

Part F – 1b: The number of ESWL Patients and Procedures were under-reported on the CY 2008 survey. The correct figures are: “73 ESWL Patients”, and “80 ESWL Procedures”.

Part F – 1b: Number of Treatments, Procedures or Patients (Other 1) = Otoneurology Procedures.

Part G – 4: Number of Medical Staff: The data reflected in Part G-4 is the most accurate data available, but may not precisely reflect the physician staff database as of December 31, 2009.

Part G – 4: #Enrolled as Providers in Medicaid/Peachcare and PEHB Plan: The SJC Medical Staff Office does not track this information. We determined participation by looking up each staff physician on the Medicaid physician search tool, “<http://www.ghp.georgia.gov/wps/portal>” (the Georgia Health Partnership portal). The PEHB plan participant information is no longer available on this site.

Perinatal Services Addendum, Part B 1 – Specialty Care Transfers with Hospital: The CY 2008 number of specialty care transfers was over-reported. The correct number is 243.

LTCH Addendum: LTCH numbers were provided to us by Select Specialty, the LTCH operator and license holder, and cannot be verified by Candler Hospital.

- Georgia Minority Advisory Council Addendum, Q3: SJC does not track information regarding languages spoken by physicians, nurses and other employed staff. The accurate response would be "unknown".
