Comments and Suggestions:
### Part H: Physician Name and License Number

**1. Physicians on Staff**
Please report the full name and license number of each physician on staff. *(Due to the large number of entries, this section has been moved to a separate PDF file.)*

### Part I: Patient Origin Table

**1. Patient Origin**
Please report the county of origin for the inpatient admissions or discharges excluding newborns (except surgical services should include outpatients only).

Georgia Minority Health Advisory Council Addendum

Because of Georgia’s racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems’ ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? *(Check the box, if yes.)* □
   If you checked yes, how many? 0 (FTE’s)
   What languages do they interpret?

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? *(Check all that apply)*
   - Bilingual Hospital Staff Member □
   - Bilingual Member of Patient’s Family □
   - Community Volunteer Interpreter □
   - Telephone Interpreter Service □
   - Refer Patient to Outside Agency □
   - Other (please describe): □

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

<table>
<thead>
<tr>
<th>Top 3 most common non-English languages spoken by your patients</th>
<th>Percent of patients for whom this is their preferred language</th>
<th># of physicians on staff who speak this language</th>
<th># of nurses on staff who speak this language</th>
<th># of other employed staff who speak this language</th>

<td>1</td>
<td>5</td>
</tr>
<tr>
<td>Russian</td>
<td>.02%</td>
<td>3</td>
<td>0</td>
<td>0</td>
</tr>
</tbody>
</table>

4. What training have you provided to your staff to assure cultural competency and the provision of Culturally and Linguistically Appropriate Services (CLAS) to your patients?

All Eastside Medical Center employees are required to receive a Cultural Diversity education
session during hospital orientation. Also included in orientation is Same Service Excellence Education, and included in this message are the shared values of Integrity, Compassion, A Positive Attitude, Respect, and Exception Quality ("ICARE"). New employees also receive a booklet with specific definitions and examples of appropriate/inappropriate behaviors. Annually, employees complete Rapid Regs which includes information related to patient rights to respectful care, rights to effective communication and accommodating/respecting religious/spiritual beliefs. Ongoing monitoring is performed at all levels via Occurrence Reporting and the Ethics & Compliance Program / Facility Ethics & Compliance Officer.

5. What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

We currently use a Language Associates phone line for language and Skype for signing. If it were feasible and within budget, translating for all foreign languages via Skype would provide a more user-friendly means of providing translation services.

6. In what languages are the signs written that direct patients within your facility?

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes) ☑️
If you checked yes, what is the name and location of that health care center or clinic?

Gwinnett Community Clinic; 2160 Fountain Drive; Snellville, GA 30078
