Comments and Suggestions:

Part E.4: The hospital does not track ED visits by ED bed. Accordingly, ED visits are allocated proportionately among the ED beds for survey reporting purposes. Obviously, the hospital cannot verify that such an allocation accurately reflects the actual number of ED visits per ED bed category.

Part F.1.b Hospice counts do not show activities of Wellstar owned hospice facilities.

G.3 Physicians who do not identify a race are listed as multi-racial.

All sections related to race: Patients who do not identify a race are listed as multi-racial.

Parts G.3 and G.4: The differences in the total number of physicians between these two categories are attributable to the physicians accounted for in G.4 who do not have admitting privileges; consistent with the survey instructions, those non-admitting physicians are not counted in G.3.

Part G.4: The reported number of physician providers enrolled in Medicaid/PeachCare and/or Public Employee Health Benefits Plan was derived from hospital billing records. The hospital expects that there are additional physicians on its medical staff who are enrolled in these programs but whom are not reflected in the survey count.

Minority Health 3. Although the hospital does employ nurses and staff who speak languages in addition to English, the hospital does not have reliable data responsive to the request.

Perinatal Services Addendum Part C.1 and C.2: The mothers' admissions and inpatient days do not include ante-partum admissions and days.

'Other' Payor group is now being used, previously other was included with Third-Party.

In sections of the survey where MEDICAID is not listed as a payor choice, Medicaid is combined with OTHER.
