5b. Name of Other Professions
Please provide the names of professions classified as "Other Staff Affiliates with Clinical Privileges" above.

Behavioral Health Clinical Nurse Specialist, Clinical Psychologist, Nurse Anesthetist, Nurse Practitioner, Physician anesthesia assistant, physician assistant

Comments and Suggestions:
Part E.4: The hospital used ICD9 and 10 codes to determine Trauma and Psych patients, used 0-17 for Peds patients, and all other were General ED beds for survey reporting purposes. The visit data reflect the types of cases that relate to the described bed/room type, regardless of where in the emergency department the patient visit took place. For example, the “Beds dedicated for Trauma” line item includes all trauma visits, including less severe trauma cases that were seen in general ED beds.
Part F.1.b Hospice counts do not show activities of Wellstar owned hospice facilities.
G.3. Physicians who do not identify a race are listed as multi-racial.
All sections related to race: Patients who do not identify a race are listed as multi-racial.
Parts G.3 and G.4: The differences in the total number of physicians between these two categories are attributable to the physicians accounted for in G.4 who do not have admitting privileges; consistent with the survey instructions, those non-admitting physicians are not counted in G.3.
Part G.4: The reported number of physician providers enrolled in Medicaid/PeachCare and/or Public Employee Health Benefits Plan was derived from hospital billing records. The hospital expects that there are additional physicians on its medical staff who are enrolled in these programs but whom are not reflected in the survey count.
Surgical Services Addendum: WPH has constructed 6 shared general ORs and 1 shared Cystoscopy OR, as authorized by the CON for Project No. GA 2011-051. Two of the shared general ORs and the Cystoscopy OR are not currently in use.
Surgical Services Addendum: To the extent that prior years after WPH began using the replacement hospital building authorized by the CON for Project No.GA 2011-051 show different OR numbers, those OR counts should be disregarded. The reported procedures and patients in those prior AHQs are correct.
Minority Health 3. Although the hospital does employ nurses and staff who speak languages in addition to English, the hospital does not have reliable data responsive to the request.
Part H : Physician Name and License Number

1. Physicians on Staff
Please report the full name and license number of each physician on staff. (Due to the large number of entries, this section has been moved to a separate PDF file.)

Part I : Patient Origin Table

1. Patient Origin
Please report the county of origin for the inpatient admissions or discharges excluding newborns (except surgical services should include outpatients only).

Because of Georgia’s racial and ethnic diversity, and a dramatic increase in segments of the population with Limited English Proficiency, the Georgia Minority Health Advisory Council is working with the Department of Community Health to assess our health systems’ ability to provide Culturally and Linguistically Appropriate Services (CLAS) to all segments of our population. We appreciate your willingness to provide information on the following questions:

1. Do you have paid medical interpreters on staff? *(Check the box, if yes.)*

   If you checked yes, how many? 0 (FTE’s)

   What languages do they interpret?

2. When a paid medical interpreter is not available for a limited-English proficiency patient, what alternative mechanisms do you use to assure the provision of Linguistically Appropriate Services? *(Check all that apply)*

   - Bilingual Hospital Staff Member
   - Bilingual Member of Patient’s Family
   - Community Volunteer Interpreter
   - Telephone Interpreter Service
   - Refer Patient to Outside Agency
   - Other (please describe):

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

<table>
<thead>
<tr>
<th>Top 3 most common non-English languages spoken by your patients</th>
<th>Percent of patients for whom this is their preferred language</th>

4. What **training** have you provided to your staff to assure cultural competency and the provision of Culturally and Linguistically Appropriate Services (CLAS) to your patients?

   Cultural competency education is provided to new leader orientation trainings.
5. What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

Reimbursement/assistance to fund these services

6. In what languages are the signs written that direct patients within your facility?

1. English  
2. Spanish  
3. Braille  
4. 

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? (Check the box, if yes) ☑
If you checked yes, what is the name and location of that health care center or clinic?
