Please note that anywhere it asks for both admissions and inpatients days, we reported discharge days instead of inpatient days, as this is what we have available in our reporting system. Part D#1: Substance Abuse patients are treated in Psychiatry. The 1 SUS bed for substance abuse patients resides in psychiatry and was placed in substance abuse to prevent an error message. Part G#1: Like previous years we are reporting budgeted staff for the hospital only. Part G#3: We do not track ethnicity of our physicians. Surgical Services Addendum Part B#2: the age grouping contains the age of 85 in two lines; therefore MHUMC patients of age 85 have been accounted for within ages 85 and up. Psych/SA Addendum Part A#1: The number of CON authorized beds and SUS beds within patient types A&D should be disregarded because we do not breakout the 36 beds in Psych. The beds for adult rehab were prorated for three months as services were discontinued April 1, 2015. The numbers in patient types A&D were only placed there to bypass the critical errors message; therefore please disregard the numbers in A&D and accept 36 beds for patient type AD. Part D#4: Our patient accounting system can not identify PeachCare patients from regular Medicaid patients so they are included in the Medicaid totals. Part E#8: We were unable to accurately determine the total number of total number of cases diverted while on ambulance diversion.
