### Comments and Suggestions:

Part D.1. 56 additional Med/Surg SUS beds were opened on September 15, 2016.

Part E.4: The hospital used ICD10 codes to determine Trauma and Psych patients, used 0-17 for Peds patients, and all other were General ED beds for survey reporting purposes. The visit data reflect the types of cases that relate to the described bed/room type, regardless of where in the emergency department the patient visit took place. For example, the "Beds dedicated for Trauma" line item includes all trauma visits, including less severe trauma cases that were seen in general ED beds.

Part F.1.b Hospice counts do not show activities of Wellstar owned hospice facilities. In the 2015 AHQ, Diagnostic Radioisotope Procedures and Ultrasound/Medical Sonography Procedures were incorrectly reported by work load units.

G.3. Physicians who do not identify a race are listed as multi-racial.

All sections related to race: Patients who do not identify a race are listed as multi-racial.

Parts G.3 and G.4: The differences in the total number of physicians between these two categories are attributable to the physicians accounted for in G.4 who do not have admitting privileges; consistent with the survey instructions, those non-admitting physicians are not counted in G.3.

Part G.4: The reported number of physician providers enrolled in Medicaid/PeachCare and/or Public Employee Health Benefits Plan was derived from hospital billing records. The hospital expects that there are additional physicians on its medical staff who are enrolled in these programs but whom are not reflected in the survey count.

Surgical Services Addendum: WPH has constructed 6 shared general ORs and 1 shared Cystoscopy OR, as authorized by the CON for Project No. GA 2011-051. Two of the shared generalORs and the Cystoscopy OR are not currently in use.

## Part H : Physician Name and License Number
