We appreciate your willingness to provide information on the following questions:

If you checked yes, how many? 0 (FTE's)

What languages do they interpret?

All information provided to patients is set for a 6th grade level or lower.

3. Please complete the following grid to show the proportion of patients you serve who prefer speaking various languages (name the 3 most common non-English languages spoken.)

Culturally and Linguistically Appropriate Services (CLAS) to your patients?

Yearly we provide a cultural diversity class via our healthstream system for all employees. We also have a site called clinical pharmacology where the employee can look up and print information in both English and Spanish to help understand problems and be able to better explain what they are trying to say to the patient.

5. What is the most urgent tool or resource you need in order to increase your ability to provide Culturally and Linguistically Appropriate Services (CLAS) to your patients?

a. A cultural diversity class for all employees who are interested in attending.
