Comments:

Part E.4: Phoebe information systems are unable to capture Emergency Room visits by type of bed.

Part G.4: The reported hospital-based physicians are those physicians whose practices are based primarily in the hospital. The reported hospital-based physicians do not include all physicians of the hospital medical staff who are employees of a Phoebe system affiliate.

Part G.4: The hospital does not have data that specifically records whether physicians are enrolled as Medicaid and PEHB providers. The hospital provides care to larger numbers of Medicaid and PEHB patients and believes that the majority of its physicians are enrolled in these payment programs.

Minority Health Addendum Part 3: Although Phoebe does have physicians, nurses, and employed staff who speak languages other than English, Phoebe does not have reliable data responsive to the survey request.
