Annual educational updates are provided for staff and are based on our patient populations changing needs and are about culturally and diverse patient's employees may encounter. Lodgenet has been added to the nursing component for individually assigning patient education on diagnostic education needs, advance directives, and other patient needs. Exitcare soft wear has been added to allow our nurses to print discharge instructions and diagnostic information about the patient's illness for them to take home concerning their care and special needs in the language of their choice.

5. What is the most urgent tool or resource you need in order to increase your ability to provide **Culturally and Linguistically Appropriate Services (CLAS)** to your patients?

We provide the internationally known icons for Men's and Women's bathrooms throughout the system. Maps for our campus are provided in English only and are in lobby areas of the main hospital and facility offices or can be printed off our website at archbold.org. Directional signage is in English and Brail; if a patient/visitor was to enter our campus and did not speak English there could be a barrier.

1. English 2. Brail 3. 4.

7. If an uninsured patient visits your emergency department, is there a community health center, federally-qualified health center, free clinic, or other reduced-fee safety net clinic nearby to which you could refer that patient in order to provide him or her an affordable primary care medical home regardless of ability to pay? *(Check the box, if yes)*

If you checked yes, what is the name and location of that health care center or clinic?

John D. Archbold Memorial Hospital Emergency Department services Thomas County and surrounding Counties and we are able to refer patients to the Thomas County Health Department.

We also have three system hospitals Brooks County Hospital is able to refer patients to the Brooks County Health Department, Grady General Hospital refers patient's to Grady County Health Department and Mitchell County Hospital refers patient's to Mitchell County Health Department.

All of the hospitals offer patients an indigent care program and offers patients free health care if they qualify and submit the proper paperwork. All emergency department patients and hospital patients are given a list of community resources for free and discounted health care resources at the time of discharge.
