Comments:

\*\* In Section 6 we noticed some errors, Our expense number is adding to the revenue instead of subtracting from it. In addition, we have a number of cases which we deemed to be free care / indigent care, but due to the change in systems mid year 2008, the number is unavailable. We are in receipt of the annual survey of Ambulatory Surgery Centers. Unfortunately, our circumstances are unique for 2008. We abandoned an outdated financial/accounting management system in May of 2008. The old system was un-able to track patients by gender, county, and ethnicity as well as many other shortcomings in reporting aspects. In addition, we are very limited in the information which is available for the first part of 2008, from the old system for contractals and other payer specific information. In looking over the survey information requested, we have determined that most of the information requested is unavailable since there is no way to ascertain the balance for the entire year. In an effort to comply with your request for information, we manually calculated the procedures and number of patients as well as gender from our log books. I apologize for the limitations on the information available. Please contact me if you have further questions at 404-308-9998. Thank you. Kathy Keller, Practice Administrator
